Subject: Conditional Approval of Amended Notice of Intention to Commence Large Mining Operations, Great Salt Lake Minerals Corp., GSL Mine, M/057/0002, Weber County, Utah

Dear Mr. Havasi:

On May 5, 2011, the Division of Oil, Gas and Mining received an amendment proposing to add a substation to the surface facilities for the GSL mine. The Division approves this amendment conditional on receipt of the following items:

1. Two copies of the complete and corrected plan. When final approval is issued, one copy will be stamped "approved" and returned to you for your records.
2. Reclamation surety in the amount of \$65,300.00 (proposed amount rounded to nearest \$100). This may be accomplished by either providing an amendment to your current surety (letter of credit), or by providing a separate surety either for the increased or the full amount. We are prepared to issue final approval once we receive the increased surety. Please contact Penny Berry at (801) 538-5291 or pennyberry@utah.gov to obtain the appropriate reclamation surety forms.

Thank you for your cooperation in completing this permitting process. If you have any questions regarding this letter, please contact me at 801-538-5261 or Lynn Kunzler at 801-538-5310.

Sincerely,

Paul Baker

Minerals Program Manager
